

Petition for Admission of Non-High School Graduate

Persons who have not completed high school or achieved the high school equivalency certificate (GED) may petition the College for an exception to the admission requirement providing that they are at least 19 years old and their high school class has graduated. A personal interview and the College's full placement test are required. Please note: Students without a diploma from an accredited high school or without a GED are not eligible for financial aid, even if admitted to the College.
